Approved Level II Isolation Gown. Tested to AAMI PB70 standard. Certified Design. The lightweight, supple material and wrap-round design provide outstanding comfort and protection, ensuring that the wearer remains safe while working in healthcare applications. Tie straps at the back of the neck and waist are generous in width and length for easy tying, donning, and doffing. Launderable/reusable. This garment offers full front, back and side protection from fluids and contaminants typically found in healthcare workplaces. Very suitable for use in health and medical facilities where a CERTIFIED, high-quality, reusable, and laundry-safe product is needed. MADE IN CANADA

Launderable. Multiple uses results in lower garment costs.

100% recyclable. Lower costs; reduced environmental impact.

Donned and doffed by the wearer without touching the possible contact area as per infection control guidelines. Thumb loop makes for easy donning and doffing of gloves.

100% 70gsm polyester fabric with a 0.02 TPU laminate coating. 10 Mil 250 Microns overall thickness.

101. Check with our distributor for their product code number.
