Durable Protective Apparel

TogDogMFG.com

Located on the east coast of Canada in the beautiful province of Prince Edward Island, Top Dog Manufacturing is only a 3-hour drive from the international container shipping port of Halifax, Nova Scotia Canada (and 9 hours from the Port of Boston, Massachusetts, US). We currently ship to more than 25 countries around the globe (via land, air and sea transport). Top Dog has been manufacturing durable protective apparel, in house, since 2002. We take great pride in providing the highest level of customer service possible.

Top Dog produces long-lasting, durable, food safe and reusable protective apparel that outperforms and outlasts the competition. We service a range of industries and applications, using only top-rated materials:

– Pure polyether polyurethane film (PU) Ether

The most durable, food safe and comfortable material available for protective apparel.

Our clients deserve and demand protective apparel that will be certain to protect employees and reduce operating costs. Our premium lines are the best in the business. In order to meet the needs of our customers, we offer the most variety of products and colour choices in the industry. We continue to increase production capacity to meet growing demand.
