Authorized level II Isolation Gown. Material and design tested to AAMI PB70 standard. The lightweight, supple polyurethane material and wrap-around design provide outstanding comfort and protection, ensuring that the wearer remains safe while working in healthcare applications. Tie straps at the back of the neck and waist are generous in width and length for easy tying, donning, and doffing. This garment offers full front, back and side protection from fluids and contaminants typically found in healthcare workplaces. Very suitable for use in health and medical facilities where a Level II, high-quality, reusable, and laundry-safe product is needed. **EXTREME DUTY.** Ideal for cool or damp environments.

Launderable. Multiple uses results in lower garment costs.

MADE IN CANADA

100% recyclable. Lower costs; reduced environmental impact.

Donned and doffed by the wearer without touching the possible contact area, as per infection control guidelines. Thumb loop makes for easy donning and doffing of gloves.

100% Pure polyurethane. 4 mil (100 Microns) overall thickness. This product is a 100% barrier to bodily fluids, blood, feces, water, and other fluids. 100% unaffected by disinfectants, alcohol-based products, soaps, detergents, and water. Highly resistant to wide range of cleaning chemicals. Tested to AAMI PB70 standard.

Machine wash in cold or hot water using any disinfectant or soap. (CDC recommends oxygen-based detergent at 71C for 25 minutes). Do not use bleach.

Tumble dry to 10 to 15 minutes, maximum temperature of 80°C/176°F.

Navy Blue.

15 per box; 4 kg (8.8 lbs) per box; bulk pack.

One universal size. 115cm (46") length. Check with us for custom sizing.

Health Canada Medical Device Establishment License #11721.

Health Canada Interim Order #315-010.
