Open Back Medical Gown. Non Certified Design. Material and seams tested to AAMI PB70 standard. The lightweight, supple polyurethane material provides outstanding comfort and protection, ensuring that the wearer remains safe while working in healthcare applications. Tie straps at the back of the neck and waist are generous in width and length for easy tying, donning, and doffing. Launderable/Reusable. Very suitable for use in health and medical facilities where a high-quality, reusable, and laundry-safe product is needed. EXTREME DUTY. Designed for maximum protection. Ideal for cool or damp environments. MADE IN CANADA.

---

Launderable. Multiple uses results in lower garment costs.

---

100% Recyclable. Lower costs, reduced environmental impact.

---

Donned and doffed by the wearer without touching the possible contact area as per infection control guidelines. Thumb loop makes for easy donning and doffing of gloves.

---

100% Pure polyurethane. 4 Mil 100 Microns overall thickness.

---

101. Check with our distributor for their product code number.

---
