Chemical Resistance

100% pure Polyurethane (PU).

We use Pure Polyurethane (PU) film because it is the best material available for reusable protective apparel.

Reusable: Day after day, week after week, month after month. **Top Dog products last longer.**

- Enhanced anti-microbial properties: Mold will not grow on this material.
- Topdog Pure PU is slick: almost nothing sticks to (or stains)
 Topdog PU (grease, food/processing waste, cleaning chemicals, etc.). Virtually zero abrasion or adhesion.
- PU material will never crack.

Industry leading durability. Puncture and tear resistant. 100% water/liquid

EASY TO CLEAN/RE-USE:

Popular cleaning choices

- Dip wash and hang dry (Pure PU absorbs zero moisture).
- Machine wash/dry. Laundry safe: Refer to laundering / cleaning instructions.
- Many other methods available

Lightweight, supple, and comfortable to wear.

Topdog PU is 100% Recyclable

CFIA, FDA/USDA, UKCE and EU compliant.

Industry leading five (5) colour choices: Aligns with HACCP/colour coding initiatives.

Thickness of 12 Mil (300 microns): Custom sized to match end-users chain mail buckle pattern; complete with waste ties and upper grommets for chain mail neck strap attachment. 100% resistant to animal fats, degreasers, cleaning chemicals and water (plus many more fluids and chemicals): Contact Top Dog for details regarding chemical compatibility.

The best choice in protective apparel
