

PRODUCT CATALOGUE

TopDogMFG.com

Proudly made in Canada, and sold around the world, Top Dog's reusable and durable protective apparel lasts longer, is food safe with anti-microbial properties, comfortable to wear, and colour coded. Our team provides the highest level of customer service on the market, offering premium quality products and timely order fulfilment. Top Dog manufactures the widest range of apparel products including aprons, gowns, sleeves, suits, smocks and more.

Our products are primarily for use in the food processing, sanitation (cleaning and hygiene), industrial and healthcare sectors. We have developed and refined a proprietary polyurethane (PU) formula for our apparel – our materials and manufacturing processes combine to offer best in class protective apparel.

REUSABLE/COST EFFECTIVE

long lasting, very easy to clean

FOOD SAFE

anti microbial, colour coding, will never crack

DURABLE

puncture and tear resistant

COMFORTABLE

lightweight, soft and supple

SUSTAINABLE

100% recyclable

10 REASONS TO CHOOSE TOP DOG'S PURE POLYURETHANE APPAREL

- 1 Best in Class – Designed to Outperform and Outlast the Competition**
Over 20 + years in business, Top Dog has developed and refined a proprietary polyurethane (PU) material formula and manufacturing processes that combine to offer best in class “durable protective apparel”.
- 2 Reusable & Cost Effective**
→ Reusable and durable, our products are very easy to clean.
→ Washer and dryer safe.
→ Many other simple cleaning choices available.
- 3 Food Safe, Enhanced Anti-microbial Formula - The #1 Choice for Food Safety in Reusable Apparel**
→ 100% food safe - FDA, CFIA, EU, UKCE compliant.
→ Our products are made from 100% pure polyurethane that is naturally resistant to the growth of micro-organisms and will never crack.
→ Top Dog pure PU is slick - virtually zero abrasion. Nothing sticks to or stains PU (grease, food / processing waste, glues, etc.).
- 4 Industry Leading Durability – Top Dog Products Last Longer**
→ Top Dog's PU is tear and puncture resistant.
→ Day after day, week after week, month after month - MANY wear cycles.
→ Top Dog aprons typically last 3-4 months with daily use.
→ Top Dog products are easily repaired, extending use even more.
- 5 Extremely Lightweight and Comfortable**
→ Easy to wear apparel equals increased productivity.
→ Stays supple at any temperature.

- 6 Sustainable - 100% Recyclable**
→ All Top Dog polyurethane products are fully recyclable at end of use - in contrast, all single use (polypropylene), and some reusable PPE (vinyl), end up in landfills.
→ Top Dog products perfectly align with corporate sustainability initiatives.
→ Cost savings will much more than offset costs to clean reusables.
- 7 More Colour and Thickness Choices**
→ Top Dog offers the most colour choices (9) in the industry.
→ Aligns with Colour Coding and HACCP initiatives.
→ 6, 8 and 12 mil thickness choices (plus a 15-mil patch option)
- 8 More Product Choices**
Choose from aprons, gowns, sleeves, suits, smocks, covers, custom products and more.
- 9 100% Resistant to Fats, Degreasers, Cleaning Chemicals and Water**
Excellent protection against these elements, along with many other fluids and chemicals, that exist in food processing facilities.
Top Dog pure polyurethane apparel simply lasts longer.
- 10 Industry Leading Customer Service**
Count on our excellent customer service, order fulfilment and product customization. We want to work with you to manage all your protective apparel requirements.

DIE-CUT APRON

One-piece design

Made with Pure Polyurethane Ether

6, 8, and 12mil thickness options

- Reusable
- Waterproof
- Lightweight

Food Safe

- CFIA, FDA (USDA), EU compliant
- Bacteria proof
- Will never crack
- 6 colour options

Recyclable

Chemical resistant

Abrasive resistant

Launderable

- Machine washable, dryer safe

Soft at any temperature

BUCKLE APRON

**One-piece design with adjustable
neck strap**

Made with Pure Polyurethane Ether

6, 8, and 12mil thickness options

- Reusable
- Waterproof
- Lightweight

Food Safe

- CFIA, FDA (USDA), EU compliant
- Bacteria proof
- Will never crack
- 6 colour options

Recyclable

Chemical resistant

Abrasive resistant

Launderable

- Machine washable, dryer safe

Soft at any temperature

KARRO TITAN LARGE PATCH

For the most demanding applications

Made with Pure Polyurethane Ether

6 and 8mil thickness options

- Reusable
- Waterproof
- Lightweight

Food Safe

- CFIA, FDA (USDA), EU compliant
- Bacteria proof
- Will never crack
- 6 colour options

Recyclable

Chemical resistant

Abrasive resistant
